## Celebration at Hammerschmidt School

IT WAS COLD and windy Saturday morning but that didn't stop an army of young volunteers from helping spread mountains of mulch around the newly erected playground equipment in the WHS Learn + Play Gardens at Lombard's William Hammerschmidt School, 617 S. Hammerschmidt Ave. The mulch spreading was part of Saturday's celebration of the completion of phase 2 of the green playground. See story and another photo on Page 2.
